

**Dance for Hope
AMERICA**

Hi, my name is **Azita Milanian**. I am the President and Founder of *Children of One Planet*, a non-profit organization that helps orphaned children and children related causes around the world. *Children of One Planet* was established in 2000, but prior to that I was personally involved independently with *Save the Children Foundation*.

I own a company called **Tosca Fashion**, which we use as a primary method to fundraise for the *Children of One Planet* charity. We frequently organize dance shows and musical entertainment events with a focus on charitable fundraising for the above causes. World-class professional ballroom competitors and musical performers come together and donate their time and talent to help raise money for children in need worldwide. Our most recent event held on October 30th, 2016 in the International Ballroom at Hilton Hotel in beautiful Pasadena helped raise money for children with cancer at the *City of Hope*.

The purpose of this letter is to ask businesses and individuals like you **to support Dance for Hope America**, a nationwide event, and become to become involved in helping children. The benefits of sponsorship are as follows:

 - b. **Your donation is Tax-deductible**.
 - c. **Placing your company logo on 10,000 of event postcards** mailed to businesses related to fashion and entertainment. Also, our cards are mailed to individuals and businesses that showed interest in our past events.
