Internships/Fellowships

Looking to make a difference as an Intern?

Children of One Planet supports a year round intern and fellowship program. Our program offers semester long positions throughout our organization that provide unique learning while doing opportunities, with real hands-on experience and broad exposure to the non-profit world. As an intern or fellow, you will work alongside our amazing Children of One Planet team members, who are committed to helping you develop and refine your skills within a chosen field. Your work will focus on the advancement of important strategic projects.

Why choose Children of One Planet ?

It's great to be part of an independent organization focused on improving children's lives. Children of One Planet is a non profit organization inspiring to achieve immediate and lasting change in children's lives by improving their physical and behavioral health, education and protection of children and teens.

- Interns and fellows work the specified hours per week designated by their specific semester requirements
- The semester long program is structured, inclusive of orientation, onboarding and weekly learning opportunities
